- Sales Cloud, Service Cloud, Experience Cloud, Pardot
- Python, Go, JavaScript, Java, Angular, SQL, Git, GitHub Actions
- Experience in leadership and customer facing roles

EXPERIENCE

Sr. Software Engineer @ American Tire Distributors

Feb 2023 – Present

- Led a team of Salesforce professionals
- Created an automated testing framework with Apex for flows and triggers
- Automated CI/CD pipeline with GitHub Actions to deploy code
- Enabled integration between Salesforce, Jira, and Slack
- Synced customer data between SFDC and micro-services with Python
- Worked on user sign-up service built with Python back-end and Angular front-end

Salesforce Developer @ Deloitte

July 2019 – Feb 2023

- Managed junior developers and led the team through solutioning
- Oversaw quarterly releases for an application with over 10,000 users
- Automated data loading tasks using Python REST API wrapper
- Created Lightning Components using LWC and Aura frameworks

Salesforce Developer Intern @ Siemens

May 2018 – June 2019

- Maintained a Customer Portal in Experience Cloud for internal product inventory
- Automated business processes using Apex and VisualForce
